

1200X600

DLBR-LED RECESSED PANEL

AVAILABLE IN TUNEABLE WHITE

King of office lighting

Our panel light reigns supreme in office lighting, offering very low glare and flicker-free illumination. Perfect for high-performance environments, it ensures visual comfort and reduces eye strain, ultimately boosting productivity and enhancing workplace well-being.

Main benefits:

Designed for convenience, it features a drop-in installation process that fits effortlessly into standard ceiling slots, eliminating the need for additional mounting hardware. This hassle-free installation process saves time and reduces labor costs, making it an ideal choice for quick upgrades and new installations alike.

Areas of use: offices, commercial and educational buildings.
